

AMERICAN
COMPASS

The Navigators Guild

Charting the Conservative Course

ABOUT THE NAVIGATORS GUILD

In Fall 2022, American Compass launched the Navigators Guild, which brings together our community of donors to engage more actively with each other and with the Compass team. While funding is vital to any political movement, the nature of our project attracts an especially thoughtful, focused, and innovative group of supporters with both the desire and ability to help substantively advance our work. We proudly recognize Guild members for their partnership with American Compass and provide opportunities for them to participate more intimately in our shared cause. Through their leadership and generosity, members of the Navigators Guild serve as ambassadors and have a direct and positive impact on American Compass's work. Membership grants exclusive access to American Compass's experts and initiatives and provides a unique opportunity to help chart the course of conservative thought and policy for the good of all Americans.

OUR MISSION

To restore an
economic consensus
that emphasizes the
importance of family,
community, and
industry to the nation's
liberty and prosperity.
